FOR ALL
WORKING TOWARDS JUSTICE FOR CHILDREN

Mission & Vision

Our mission at Choice for All is to connect resources, services and opportunities for youth and families to reach their fullest potential.

We do this work because we believe one day, all children will be healthy and thrive on Long Island, regardless of zip code.

For The Community, By The Community

- A **healthcare workforce development program** facilitated by Northwell Health
- **Improve health outcomes of individuals**, whose health care is impacted by their community's structural inequities
- **Train job seekers from the same communities** with health disparities into entry level positions as a ***Community Health Worker***

For The Community, By The Community

The role of community health workers are ***trusted members of the community***, who are on the front lines providing **community outreach** and **mobilizations, health promotion, and coaching, health and social system navigation** and **home-based support.**

For The Community, By The Community

Training Overview

- Training consists of both classroom training and field work training through apprenticeships in various settings.

Training Topics at Choice for All

- Holistic Approaches
- Health Equity
- Centering SDOH through Whole Person Care

Working Frame of SDOH at Choice for All

Social Determinants of Health are defined as conditions in which people are **born, grow, live work** and **age**. We see these indicators impacting quality of life.
